Springtime at the Arboretum

Spring is the best time to come to The Arboretum and discover the beauty of our varied plant material. A few of the plants you will see are *Acacia*, *Aesculus*, *Agapanthus*, *Bauhinia*, *Callistemon*, *Cercis*, *Clivia*, *Erythrina*, *Eucalyptus*, flowering fruit trees, *Liriodendron*, *Melaleuca*, *Paulownia*, *Tabebuia* and many more. There is a bigger variety of plants in flower during the Spring at The Arboretum than any other time of the year.

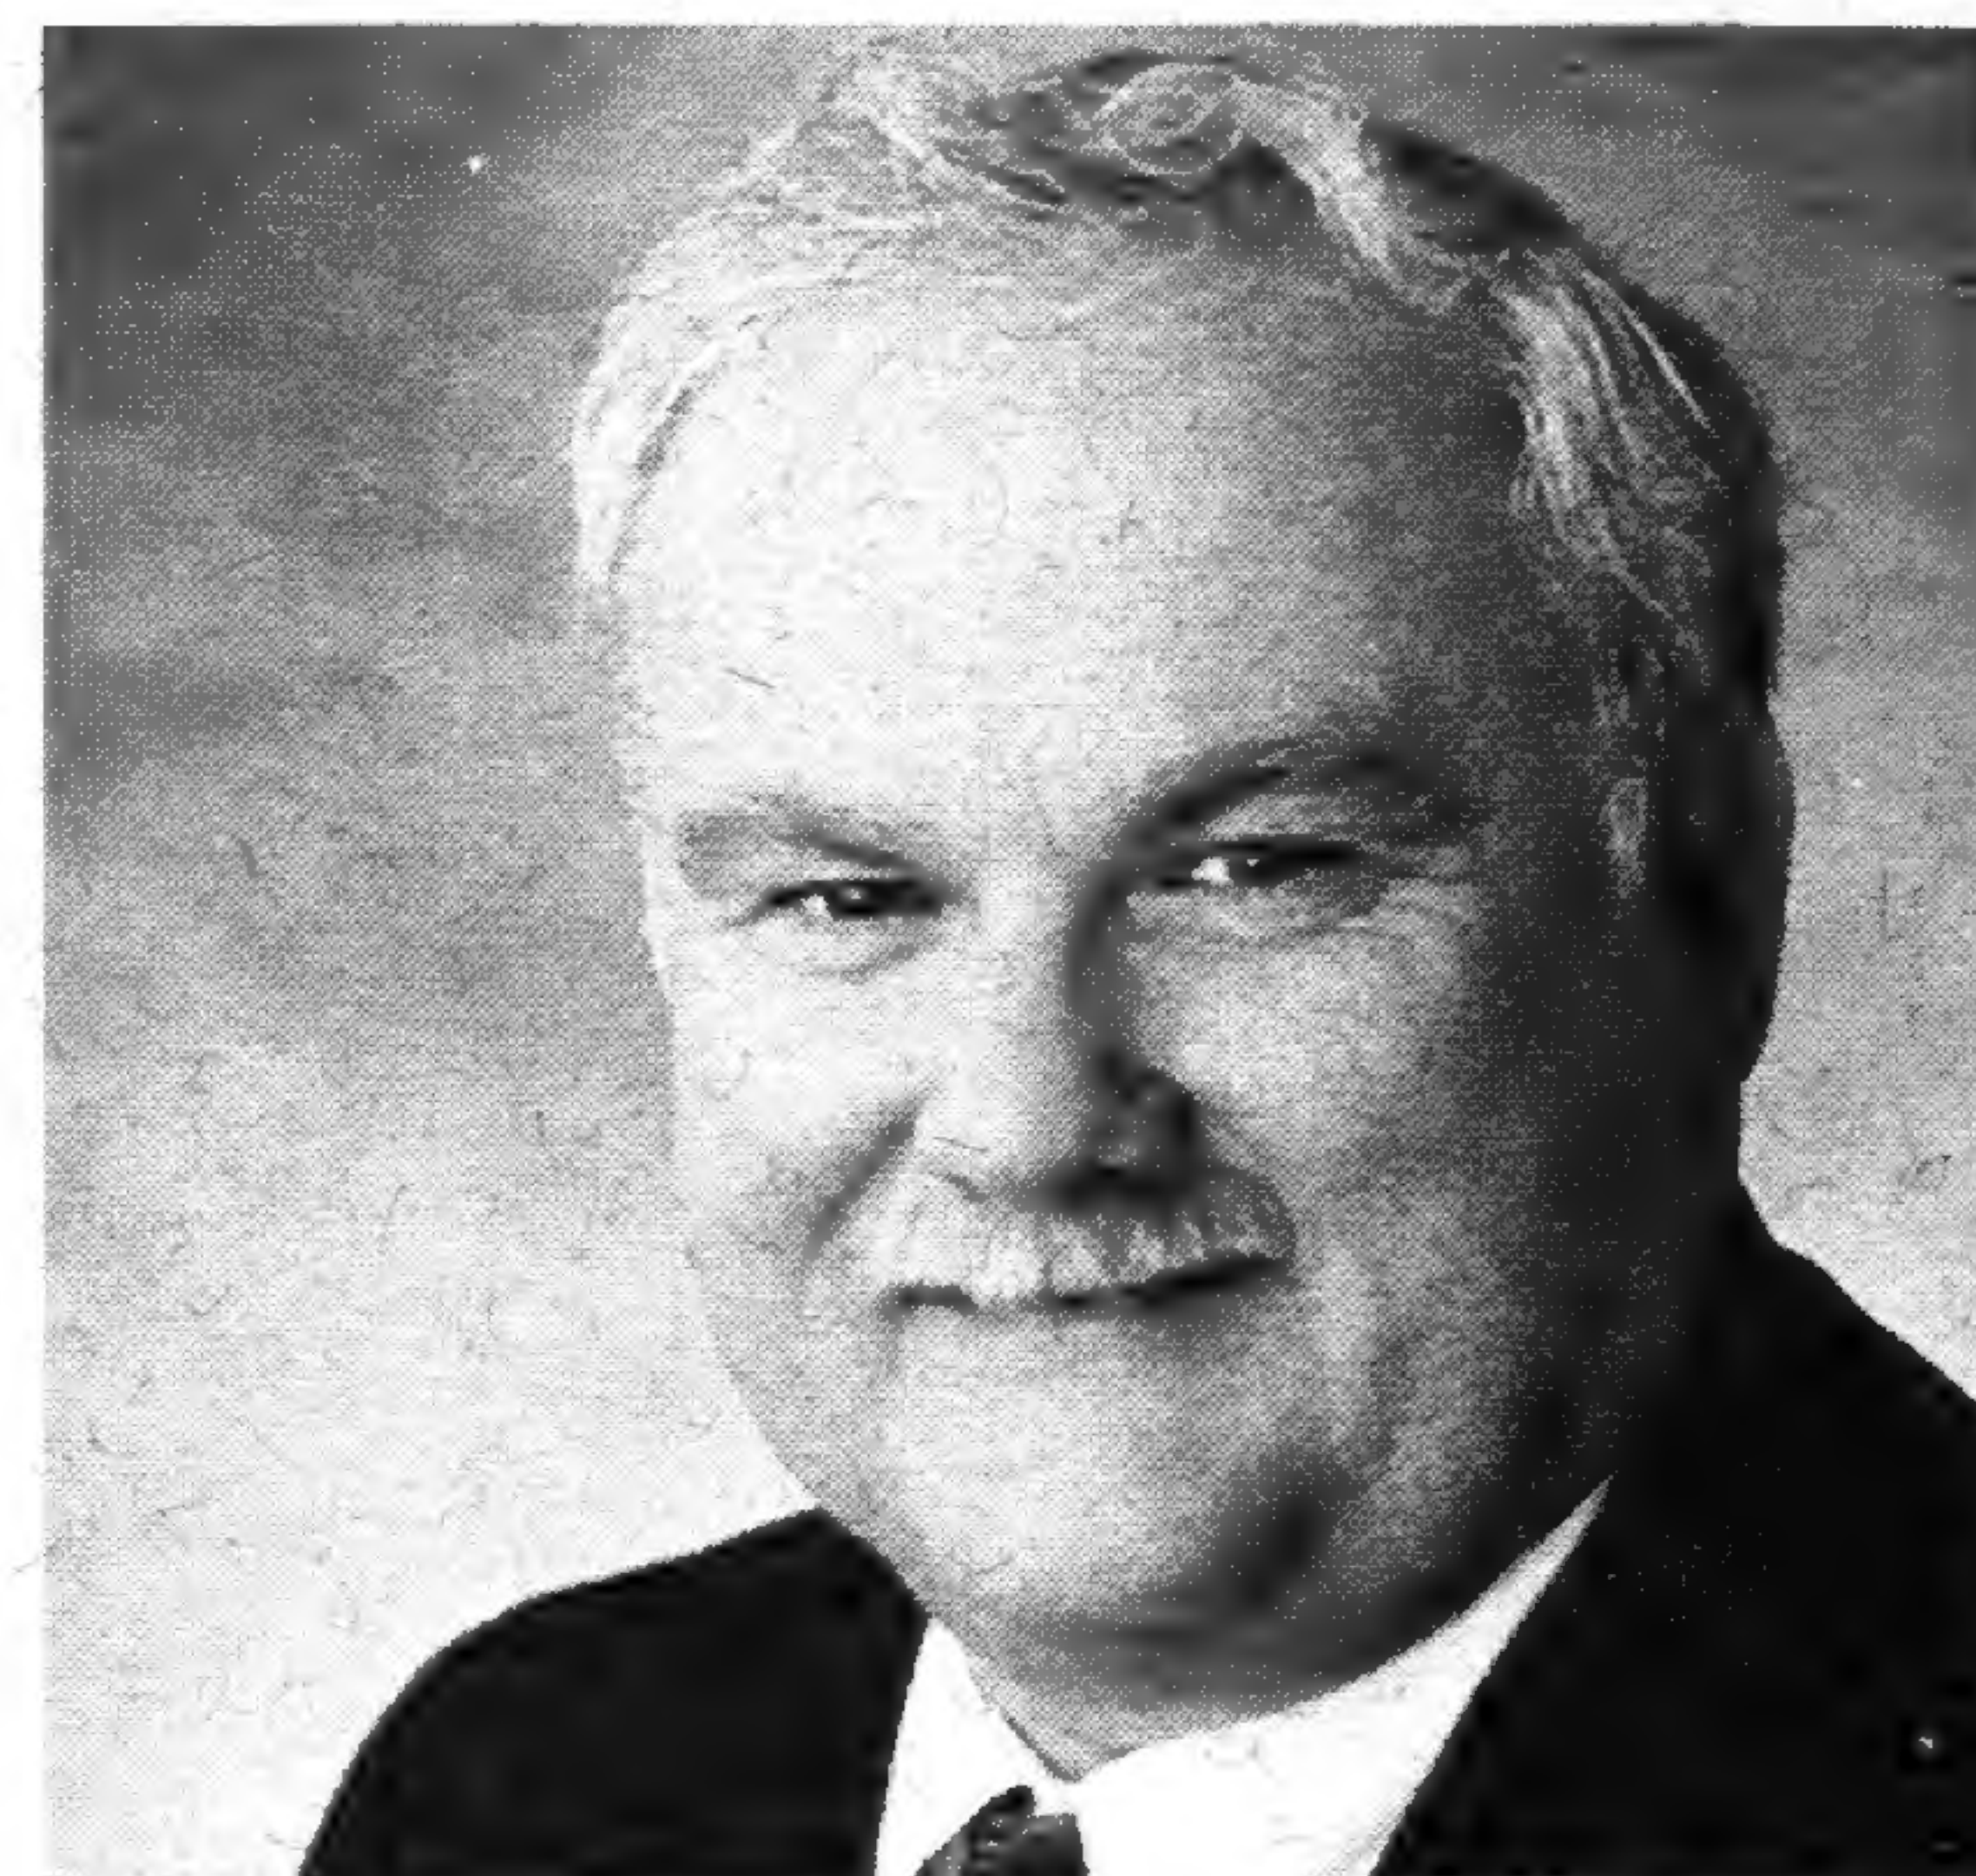

The Arboretum has many unique spots of interest. Every time you enter the Tropical Greenhouse you will see something you had not seen the last time you were here. While you are up at the Tropical Greenhouse, walk across the road to the Australian interpretive center and enjoy the graphic display on Australia. When you are down at the south end of The Arboretum, stroll through the Kallam Garden which is at its best at this

time of year. After leaving the Kallam Garden, continue south to our new walk which was designed by our Senior Gardener, Dale Witt, and donated by the Southern California Camellia Society.

After leaving the walk, go up the steps by the waterfall, passing by the Aquatic Garden and then crossing the road to the Bowl. The Bowl is a very secluded spot with very interesting plant material.

When you finish spending some quiet time in the Bowl, go back to the road, wait at the tram stop and take the tram to the next stop by the Herb Garden. There visit our Coach Barn, Queen Anne Cottage and the Hugo Reid Adobe. Continue walking along the east side of the lake to the entrance of the Forest area.

You enter the Forest area through a nice display of *cycads*. Then you go through a subtropical planting which leads you out through a Pacific Northwest forest. As you walk along the path in the Forest you will enjoy the birds, pond, and a number of very interesting plants. After

exiting the west end of the Forest, walk across the road to the tram stop at the Tule Pond and take the tram back to the entrance.

Before you leave, take time to visit our Gift Shop. The next time you visit The Arboretum start your visit with the tram first and get off at a different stop.

Our staff and volunteers are busy planning for a large supply of plants for our 25th annual Baldwin Bonanza plant sale. We will see you on May 6th and 7th! 🌱

FROM THE FOUNDATION

Arboretum Fun

Spring, 1995, and The Arboretum is bursting with activity. Leafing out, soft spring color, peacock plumes, bird songs aplenty ... and new exhibits being readied for installation.

Foundation programs and events are plentiful as well, and I encourage you to participate. We want you to take advantage of your membership after all, so mark your calendars ... join us for some Arboretum fun!

Write in the dates for the 25th annual BALDWIN BONANZA PLANT SALE. Attend one of the many talks or classes. Bring a friend to walk and lunch at the Cafe operated by a new team!

Introducing a friend to The Arboretum is what we encourage, and if you need to explain what The Arboretum is, maybe you will find my rambling answer useful.

The Arboretum of Los Angeles County is a public botanic garden administered by the Parks and Recreation

Dept. The Foundation is the nonprofit corporation which not only started the garden but continues to dedicate its resources solely for the financial and educational support of the institution. The garden is more than a pretty place. It is similar to a museum because collections of living plants are maintained and conserved by horticultural curators. Research is a related activity, and the library, propagation nursery, and plant information services enhance the botanic mission. Please visit soon! 🌱

WITH JULIE NORMAN Plant Nursery Worker

Do you know there is a place on The Arboretum grounds where exotic plants bloom year round?

Julie Norman does, because this is where she reports to work each day. Julie works in the Orchid Greenhouse where she helps with the complete care of the vast Orchid Collection at The Arboretum. She is responsible for the Orchid collection, the Tropical Greenhouse, the Begonia Greenhouse and the Shade Garden. Her daily duties include all aspects of area maintenance, design and planting.

A graduate of Cal Poly Pomona with a Bachelor of Science degree majoring in Ornamental Horticulture, Julie has been with The Arboretum for the past ten years. She began her career as a student intern in 1984 until she starting working in the Orchid Greenhouse in 1987. Part of her undergraduate work included a student exchange program where she attended Massey University in New Zealand for one year. According to Julie, her courses in New Zealand were an "invaluable cultural and educational experience".

Her love of The Arboretum goes far deeper than merely coming to work every day. Julie and her husband were married in the Fall in 1988 on the grounds of The Arboretum. Their wedding ceremony took place in the Kallam Garden with the reception in front of Meyberg Falls. Julie and her husband are expecting their first child in late March.

Turning her vocation into a hobby, Julie is devoted to gardening. Currently she is completing the landscaping of her own backyard.

Julie enjoys creating a beautiful, serene and natural environment for her home and the public to enjoy. 🌿

WITH FELICIANO (FELIX) DEREZA, Groundsman

A tour of The Arboretum's 127-acres offers an experience with nature not to be forgotten. It also offers an opportunity to reflect on the people who devote their working hours to the all important upkeep of the grounds.

One of the people Behind the Scenes is Feliciano (Felix) DeResa, a fifteen-year employee of The Arboretum. Felix is a groundsman, a member of the hardworking corps who cultivates, fertilizes, trims, cleans, prunes, edges, sweeps, pots, plants and waters to provide an oasis for Arboretum Guests.

Felix was born in Mexico City. In 1952, at age 22, Felix left his home to visit the United States. After deciding to reside in Los Angeles, Felix began to work as a baker.

In April 1980, Felix entered C.E.T.A., a federally funded program, to train for a county ground maintenance position. Although the program ended

prematurely in March 1981, the timing was perfect for Felix since he was offered a permanent full time position at The Arboretum as a groundsman.

Felix, a grandfather of three, enjoys bringing his grandson, age 4, to The Arboretum to run free in the open space. When asked what areas he enjoys most, Felix cites the Orchid Greenhouse and the Meyberg Waterfall.

Besides spending time with his new granddaughter, born January 9, 1995, Felix enjoys weekend trips to Las Vegas with his wife Maria.

Felix has witnessed plenty of changes at The Arboretum. He is proud of the recent transformation of the Forest Area. Felix has expressed great satisfaction in being part of a team that has worked so diligently on this project.

He also knows how meaningful it is to be part of the maintenance of an open space in the heart of a city, and it shows. 🌿

Children Take Front and Center

Staff members at The California Arboretum Foundation (CAF) are co-planning with the American Horticultural Society(AHS) its third annual Garden Symposium for Children, "Gardens for Youth: Nourishing Mind, Body and Heart," scheduled for June 27-29 at the Pasadena Conference Center and on June 30 at The Arboretum. The day at The Arboretum features outdoor workshops and children's gardens along with a keynote speaker and a conference celebration. Registration received prior to June 1, is \$235. After June 1, \$285. Full time students pay \$150. Contact the AHS directly for registration and more program information at 800/777-7931. Space is limited so make your reservations now! 🌿

Peacocks Are White Cast Iron

Perfect Peacocks make perfect andirons for the Queen Anne Cottage. Arboretum Associate Curator of History, Sandy Snider, made a fortuitous discovery recently when browsing through antique shops. Sandy asked Volunteer, Joyce Travis, for her opinion on the century old find and the purchase was made. Volunteer Bob Saddoris discovered that the andirons are made of white cast iron, the purest form of iron, highly brittle, somewhat rare, and quite collectible. Bob restored the

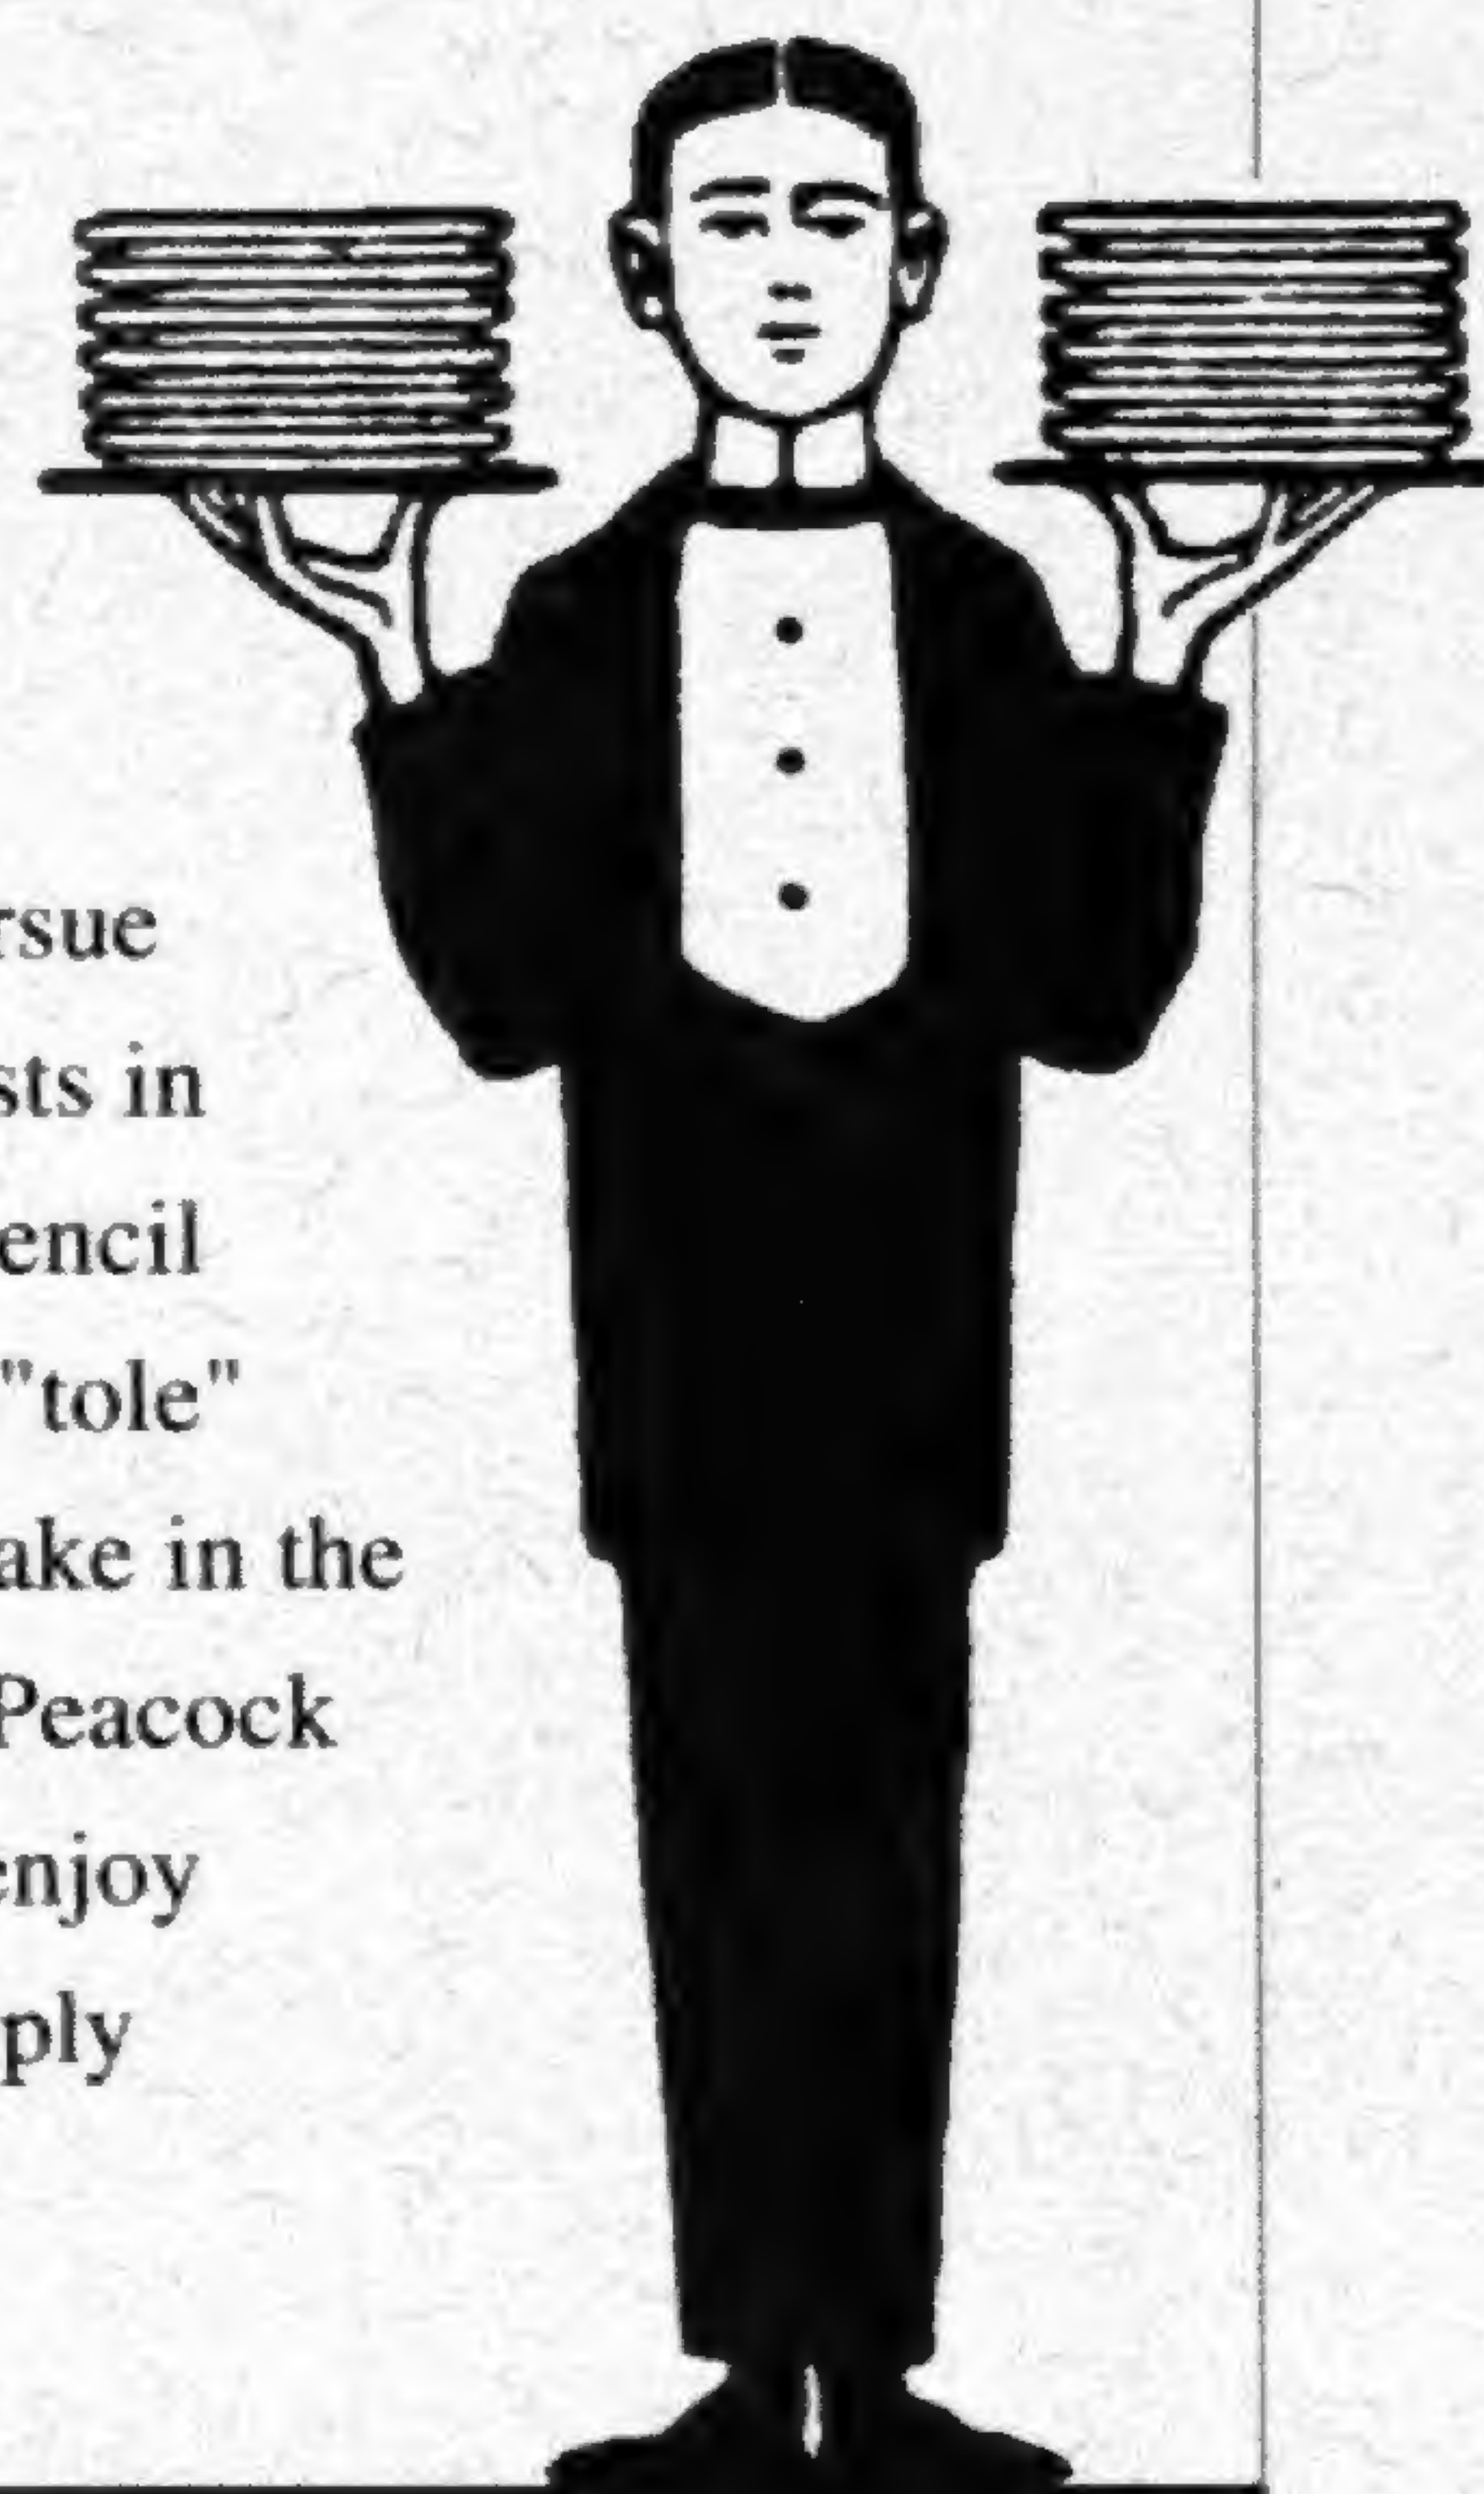

iron and cleaned and repaired the mica sheets behind. Look for the andirons in the Music Room of the Queen Anne Cottage below a peacock-framed gilt mirror. 🌿

Peacock Cafe... Simply Unique

Kathryn Santoro and Lynn Spencer re-opened the Peacock Cafe on January 16 to sunshine, a glistening garden, and lots of visitors who soon became satisfied customers of Simply Unique Catering, featured at The Peacock Cafe. Friends and neighbors for at least 15 years, Kathryn and Lynn collectively have more than 24 years in the food and beverage industry. Kathryn's management skills and Lynn's creativity produce reasonably priced menus which invite repeat business. As busy mothers of teenagers and twenty-somethings, they are assisted by husbands both at home

and here at the Cafe. Even with a seven-day-a-week business, they find time to pursue personal interests in floral design, pencil sketching, and "tole" work. As you take in the view from the Peacock Cafe Terrace, enjoy something Simply Unique. 🌿

Baldwin Bonanza Then and Now 25 Years of Tradition

In spite of growing competition Baldwin Bonanza XII drew quite a waiting line under the Co-chairmanship of Dorothy and Milt Murset.

Lonna Brock and Nancy Baillie demonstrate the bliss of typical satisfied Baldwin Bonanza shoppers.

Rain or shine Baldwin Bonanza XV was a smashing success with Wendy Taylor as Chair.

Dorothyjean Spoelstra, Joan Malafronte and Jean Atkinson at Baldwin Bonanza IX. Joan was Chair of Baldwin Bonanza VII. Mary Roos (not pictured) was Chair of Baldwin Bonanza IX.

"By supporting Baldwin Bonanza you can assure that The Arboretum continues as a treasure to the community with exciting new programs for children and adults, while offering an oasis of beauty and serenity as a counterpoise to the frantic pace of the 90's."

Susan Seidel, Baldwin Bonanza XXV.

Gary and Carol Overture, Elaine Hoffman, Alice Frost Kennedy and 1984 Chair, Virginia Stein, work the membership booth at Baldwin Bonanza XIV.

Baldwin Bonanza I made its debut in 1970. Intended as a "white elephant sale," the pre-opening party for Foundation members included hand-crafted and surplus historical items from Descanso Gardens and The Arboretum. Plants that were part of the decor became instant best

sellers. "We didn't mean to sell the plants, just old horse collars and such, but the plants went fast," said John Provine, Superintendent of The Arboretum. So, Plant Sale it became. Twenty-five successful years later, Plant Sale it is. 🌱

Robin Stafford and Peggy Hedeman share the joy of a perfect orchid.

NEW SEASON HIGHLIGHTS FOR 1995 FROM SHEPHERD'S SEEDS ...

You'll find rich, orange Sungold cherry tomato and heirloom greengold Green Zebra slicing tomato seeds in the Gift Shop. Try Shepherd's crunchy French Amsdor carrots, and grow incendiary Red Savina habanero and subtle Mulato Isleno chiles.

Shepherd's heirloom Italian Figaro pimentos can be eaten like apples, and their creamy-sweet St. Nick melons will keep several months after harvest. Herb gardeners will

savor Thai Lemon and Red Ruben basil and their new lavender plants. Shepherd's flower section blooms with abundant new choices including smart Royal Ensign bush morning glories, glorious new sunflower choices, and new single colors of alyssums and larkspurs. The specialty cosmos offer enchanting blossom forms, as does everlasting Curiosity nigella.

Grow the new assortment of Evening Blooming Fragrant Flowers to fill your garden with soft sweet scent, and their seeds to grow your own bird food to attract songbirds. Seed packets \$1.25 to \$8.50

Perusing my peacock journal, and looking ahead at my peacock calendar, just ruffles my feathers. The unending activity on The Arboretum grounds keeps me so occupied, I barely have a minute to keep track of the many activities of my peachicks.

I was decorating my hat which made us arrive late at Peacocks and Pumpkins on Parade. They just trotted right in behind the

fabulous story lady and didn't miss one thing.

The entire family went to Holidays In The Garden. Both days. One peachick found Santa right away, just followed the map and ended up on his lap. The rest of my little assembly spent so much time voting on their favorite trees and at the Petting Zoo that we had to come back the next day.

I picked up my easel to attend water color classes with Pat Brame; my hoe for gardening classes with Jan Smithen and one class of Gardening, California Style with Tim Lindsay, Assistant Superintendent of The Arboretum. I didn't attend the rest of his classes. There was something about dealing with pest management. I was afraid Tim would get personal.

Bill Robinson's Roses In The Garden lecture was fabulous. I got an advance copy of the owners' handbook that each new owner who purchases roses over

Baldwin Bonanza weekend will receive. Fanatic Gardeners are preparing special rose selections for the Silver Anniversary Celebration of the well known Annual Plant Sale and Auction Party. Old and Old-Fashioned roses all propagated from cuttings and grown on their own roots. Watch for your party invitation in the mail for Friday, May 5. The members only plant sale is Saturday, May 6 from 8 a.m. to 10 a.m. I send Mr. Peacock over to see Nancy Sachs each year to be assured that my Foundation membership is renewed in time for Baldwin Bonanza.

The Forest opening takes place July 1 weekend. My peachicks will be sorry to have the areas completed. It has been their own private outdoor classroom and a real boon to my peace of mind. Always a grounds person working there keeping an eye on the darlings. 🌹
